TRAFFIC VIOLATION BY UNDERAGE SCHOOL STUDENTS

Dear Parents, We wanted to highlight to you on a serious issue which Traffic Police Commissioner of Kilpauk circle has raised with the school management. The police have found traffic violations by under age school students and few of our students were among the violators. Police had visited our school, have confiscated the two wheelers and have filed violation cases. As per law, an underage teenager cannot ride two wheelers and if they break the law then both the child & parents will be deemed as violators. The school is requesting the parents to be mindful of the recent incidents and the penalty which the law enforcing authority has initiated against the violators.
