*Happy New School Year!*

## **FROM THE PRINCIPAL'S DESK**

There is no Friend, no Companion, no Wealth or no Bliss as great as Vidya. I hope this message finds you all in good health and high spirits as we embark on a new academic year. It is with great pleasure and excitement that I address you today as the Principal of this esteemed institution.

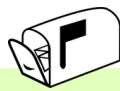

First and foremost, I want to express my gratitude to each and every one of you for being a part of our school community. Together, we create an environment that fosters learning, growth, and personal development. It is this shared commitment that makes our school truly special.

As we step into this new academic year, I want to assure you that my primary focus will be on your academic success, overall well-being, and personal growth. We will strive to create an inclusive and nurturing environment where all students feel supported and encouraged to make the most of their abilities.

I am a firm believer in the power of education to transform lives. It is my goal to ensure that our school continues to provide the highest quality of education, equipping our students with the knowledge, skills, and values they need to thrive in an ever-changing world. In partnership with our dedicated faculty, we will seek innovative ways to engage and inspire you in the classroom and beyond.

However, education is not solely about academics. We are committed to fostering a well-rounded educational experience that includes extracurricular activities, sports, arts, and community engagement. These are all opportunities for you to explore new passions, develop leadership skills, and build lasting friendships.

A special mention about our Management, no words of gratitude can portray how essential they are and no deeds can overcome their contributions. They can never be thanked enough for their hard work, dedication, and efforts behind the scenes for the tremendous functioning of the school.

To our faculty and staff, I extend my heartfelt gratitude for your unwavering dedication and commitment to our students. Your hard work and expertise are the backbone of our school, and I am truly grateful for your immense contributions.

Parents and guardians, I thank you for entrusting us with the education and well-being of your children. We value your partnership and invite you to actively participate in your child's educational journey.

In conclusion, I am confident that together, as a united school community, we can make this academic year a resounding success. Let us approach each day with determination, integrity, and compassion, knowing that through our collective efforts, we can create a brighter future for all.

Thank you, and I wish you all a fantastic and fulfilling academic year ahead.

## Happiness is a journey and not a destination

Once a king was walking with his minister and saw a farmer's family buzzing with happiness. The king was wondering how was it possible for them to be so happy, the minister replied that they had not joined the club of 99. The king was puzzled and asked the minister about what was this club of 99. The minister replied that he would demonstrate to him and asked the king to give him a bag of 99 gold coins, which the king gave him. That night the minister dropped the bag of 99 gold coins at the door step of the farmer. The next morning the farmer found the bag with coins, he started counting the coins and discovered it had only 99 coins. He counted repeatedly and also asked his wife and son to count the coins, it was still 99, then he decided that he would work hard to earn one more gold coin so that he had a bag of 100 gold coins.

The farmer was working very hard to earn that one gold coin. He lost all his happiness in search of that one gold coin. Six months later the king met the farmer's family, he saw them fighting and abusing each other, the minister turned to the king and said "now they have joined the club of 99". The king did not understand and asked the minister to explain. The minister said that the farmer was now of the mindset that he can be very happy only if he had 100 gold coins failing to understand that he could very well spend the 99 gold coins which he had to buy himself and his family all their needs and be happy. Very true we too think that our happiness lies only in achieving our goals, as we are journeying towards our goals, we fail to see things and people around us and finding happiness in all of it. Happiness is a continuous journey and not a destination

## SANITATION

Sanitation is one of the basic needs of mankind. Basic sanitation is defined as having access to facilities for the safe disposal of human waste as well as having the ability to maintain hygienic conditions through services such as garbage collection, industrial / hazardous waste management and waste water treatment and disposal.

In India, One half of the population i.e. atleast 620 million people defecate outside. Out of its population of 1.3 billion, 91 million people (6%) lack access to safe water and 746 million people (54%) lack access to safely managed household sanitation facilities.

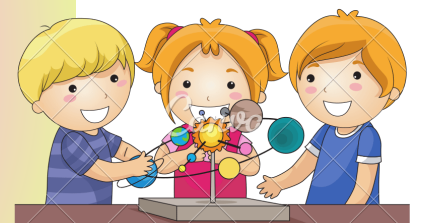

We can improve sanitation facilities by providing toilets and latrines that flush into sewer or safe enclosures, promote good hygiene habits through education. As the proverb states, "Cast no dirt into the well that gives you water".

### TEENAGE DEPRESSION

The teenage years can be really tough and it's perfectly normal to feel sad or irritable every now and then. Now a day's depression is far more common in teen due to increased academic pressure, social challenges and hormonal changes: Parents characterise such phase as moodiness or some may take it as an excuses from children. Even though it can feel like the black clouds of depression will never lift but every cloud has a silver lining. One can deal with the situation and regain balance in life and feel more positive, energetic and hopeful again.

Use meditation techniques, affirmations or practise power of positive thinking. Anyone who is trapped in such situation can overcome it, just "Keep your face always towards sunshine and shadows will fall behind you".

## **BALLOT DAY**

Somewhere, inside all of us is the power to change the world, through our Vote. We at Sindhi Model School create innovative and distinguished leaders in a democratic way. The Election process began with great fervour as students nominated themselves for the elections. The nominations list was scrutinized by a group of well organised school faculty. The nominees were allowed to campaign for votes on the 27th of June 2023.

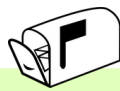

A fair, non biased and Democratic Elections was conducted in the school auditorium for classes 6 to 12 on 28th June 2023. Every child casted his/her vote in the ballot box. The votes were then counted and results announced on the 29th of June.

## **ORIENTATION PROGRAM**

Future orientation is combined with a notion and expectation of progress, that nothing is impossible. Every school has to work hand in hand with their parents to help provide a better platform for their children. Parents need to be updated on the plans and strategies that are going to be followed by the school during that academic year. To enlighten them on the terms and conditions, plan of action and growth prospects of every individual child an orientation program was organised for the parents of the primary on 24th of June and middle and higher secondary on 26th June 2023.

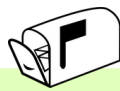

## TROUPE LAUNCH

Clubs are a safe place for young minds to learn and grow - all while having fun. It is the place where great futures are started every day. Sindhi Model MHSS, is a home for many clubs which were inaugurated in the school premises on the 26th of June 2023. English, Maths, Eco and Heritage Clubs are based on academics. Besides Shushrusha, Scouts and Guides and Junior Red Cross we laid our hands on Theatre Club this year. A new venture onboard. This will enhance the confidence and build the additional skills of our students.

## ESSAY WRITING COMPETITION

The only good is knowledge and the only evil is ignorance. To enhance every student's creativity and passion for writing an essay writing competition in English was conducted for the students of classes VI to XII with three winners from each class, on the 24th of June.

## TEACHER OF THE MONTH

**Kum.D.Punitha**

Good teachers know how to bring out the best in their students. We are happy to announce the best teacher for the month of June, 2023 is Kumari. Punitha.
