SINDHU TIMES, our school magazine, is a platform for our students to exhibit their artistic abilities and ambition for writing. Our magazine objective is to bring out the underlying talent in our students through articles, poems, sketches, competitions, and experiences. This year's **SINDHU TIMES** has a highlight. We have started a "Winners' Corner", wherein the winning entries of various competitions would be featured. This initiative is to encourage the winners and to motivate more participation. I express my appreciation for the efforts of authors and editors who have given this magazine its present form. The editors have done a marvelous job by creating such an alluring edition. On behalf of our Management and Staff, I thank the parents for your support and cooperation with us during the past year. Stay in touch as much as possible and continue to support. Our thoughts are united as we fight this pandemic together. We take this opportunity to wish you good health, happiness, and success in 2022, both personally and professionally. **GOD BLESS...**
